About Me

Computer Science undergraduate with hands on experience in programming and problem-solving, and a keen interest in software development and emerging technologies. I possess a strong understanding of core computer science concepts, including data structures and basic machine learning, and I enjoy building logical, efficient solutions to real world problems. I am actively seeking internship opportunities to further develop my technical skills while contributing to impactful, team driven projects.

Education

- **University of Engineering and Management (UEM), Kolkata** 2024 – Present
B.Tech in Computer Science & Engineering (Internet Of Things, Cyber Security, Blockchain Technology)
- **DAV Koylanagar, Dhanbad (CBSE)** 2023
Higher Secondary Education (CBSE) – 81.2%
- **Carmel School, Dhanbad (ICSE)** 2021
Secondary Education (ICSE) – 85.7%

Technical Skills

- **Programming Languages:** C, Python, Java
- **Web Technologies:** HTML, CSS, Javascript
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming
- **Machine Learning:** Data preprocessing, basic model training, evaluation concepts
- **Tools & Platforms:** VS Code, Git
- **Soft Skills:** Problem-solving, teamwork, adaptability, time management

Projects

- **AI-Powered Gardening System**
- Designed a Python based solution using soil moisture sensor data to predict watering requirements.
- Implemented a basic machine learning model to automate irrigation decisions.
- Improved water usage efficiency by combining data-driven insights with automation logic.

Achievements

- Winner – 1st Prize in Python Coding Workshop organized by UEMK CSI.
- Recipient of Vice Chancellor's Tech Maker Award for technical contribution.

Interests & Hobbies

- Exploring beginner-friendly coding problems and real-world programming use cases.
- Learning about advancements in Machine Learning, AI, and Cyber Security.
- Participating in college technical events, workshops, and hackathon-style activities.
- Reading technology blogs and articles related to software systems and innovation.

Languages

English, Hindi, Bengali
